

# Pest control for you

Fowler Pest Control is a family-owned and operated business with patriarch, Glen Fowler, leading a partnership of wife Karen, daughters Molly and Maggi, son Michael, and brother-in-law Chuck McDole. Together they bring over 50 years of experience to insect and rodent control, termite inspection, and certifications for real estate escrows. Additionally they repair termite and fungus damaged areas as well as sanitize, vacuum, and replace insulation due to animal damage.

Glen recently added free home assessments to his list of services. "I'm happy to come out and inspect for termite, fungus, insect and rodent damage, and advise homeowners how to prevent future problems," he says. "We operate over 20 trucks in San Diego and Riverside Counties and have our own training center on the premises."

Fowler prides themselves on fully licensed personnel and the most up-to-date technologies and equipment for pest control. "We do not use the old method of power spraying a wide band of insecticide," Glen advises. "Our new methods include a more direct concentrated spray and granules allowing us to get closer to the problem without endangering children and pets. We also provide agricultural service, which is highly effective for control of gophers, pigeons, and squirrels." Fowler services residential properties as well as businesses and commercial buildings.

Glen recommends a preventative inspection every two years. "Finding problems early far outweighs the cost of repairing damage not found for years and it provides the added security of not compromising a pending sale," he says. The initial visit consists of a comprehensive inspection of the exterior and interior of the building, including attic, basements, windows, and closets. In addition to termites, the inspector looks for dry rot and leakage. Fowler Pest Control provides full

repairs and treatments. They stand behind their work and their fees are competitive. "If you don't do a good job, you won't get repeat business," is Glen's motto.

Quality. Honesty. Integrity. Great Service. Great People. These words describe the Fowler work ethic. If you have a pest problem or require a termite inspection, call the Fowler Pest Control team at (760) 723-2592, or visit their website at [www.fowlerpestcontrol.com](http://www.fowlerpestcontrol.com).
